Call for Papers

RecPad 2016 (http://recpad2016.web.ua.pt/) is the Portuguese Conference on Pattern Recognition, sponsored by APRP (Portuguese Association for Pattern Recognition). It is a one-day conference, with an invited talk and poster sessions. RecPad 2016 will take place at University of Aveiro (October 28, 2016) and the invited speaker is Professor Joan Serra Sagristà from Universitat Autònoma de Barcelona.

RecPad 2016 promotes the collaboration between the Portuguese scientific community in the fields of Pattern Recognition, Image Analysis and Processing, Soft Computing, and related areas spanning, but not limited to, the following topics:

- Biometrics
- Character recognition
- Classification clustering ensembles and multi-classifiers
- Data mining and big data
- Feature extraction, discretization and selection
- Fuzzy logic and fuzzy image processing
- Gesture recognition
- Hybrid methods
- Image description and registration
- Image enhancement and restoration

- Image segmentation
- Image understanding
- Information theory
- Intelligent systems
- Machine vision
- Neural network architectures
- Object recognition
- Pattern recognition applications
- Sensors and sensor fusion
- Soft computing techniques
- Statistical methods
- Syntactical methods

The works should be submitted as two pages extended abstracts for consideration by the Technical Program Committee. The accepted papers will be compiled and distributed only in electronic format. The program of the conference is designed to allow travelling to Aveiro in the same day of the conference.

It is an ideal time for socializing and sharing experiences between young and senior researchers, showcasing their work and looking ahead to the future.

We all look forward to seeing you in October.
